

More Left Overs.

The following paragraphs are among some of the items left over from last issue:

Ben and Joe Tribble, colored, were arrested by Deputies Taylor and Melton for being drunk and disturbing religious worship Sunday at St. Mary's church, about five miles southwest of the city. They will be tried before Magistrate L. M. Player Monday next.

Malcolm Lassane, the faithful fire wagon driver, is out again from a spell of illness. It is the first time he has been absent from his post of duty in twelve years of service he has rendered the company. This is a fine record. The boys are glad to see him back.

Charley Beacham, a well known colored barber who formerly worked in Newberry, had the misfortune to lose his wife, whose remains were brought from Columbia and buried here yesterday afternoon.

There has been more recent shaking up of clerks in Newberry, and business is reviving. Messrs. Ferd Bourry and Maley McCollough have gone to the store of N. P. Mitchell and Brother in Main street, and Strother Paysinger to G. L. Robinson's. These young men have the make-up about them to draw trade.

Henry H. Rikard, Jr., has returned to the university of South Carolina.

Mr. and Mrs. J. H. West have returned from Black Mountain, N. C.

Jno. McKinard, Jr., left Monday for the university of South Carolina.

Mr. and Mrs. Alan Johnstone, Jr., returned yesterday to their home in Columbia after a very pleasant visit to relatives in Newberry.

Mr. and Mrs. Walter Hunt of Newberry motored down to spend the day with Dr. and Mrs. McIntosh Friday. They returned to their home in the afternoon.—The State.

Mr. Hillary Sligh is visiting relatives and friends in the city and county. Forty-seven years ago Mr. Sligh left Newberry for Pickens, afterwards moving to Georgia, in which state he has ever since resided. Sixteen years ago he visited his old home here. He is 86 years old. His many friends are delighted to see him so well and active in his ripe age, and hope he may be spared many more years to revisit the scenes of his early life.

Miss Abbie Gaillard, who was the attractive guest of her cousin, Miss Pauline Hunter, in Pendleton, returned to her home last week.

Mr. W. E. Wilds has returned to his post at the Western Union Telegraph office here, after a vacation of two weeks at his former home in Longtown, near Ridgeway. He is now ready for the fall rush in his usual accommodating way. During his absence the duties of the office were acceptably performed by Miss Skinnell, who left yesterday for Gaffney.

Mrs. J. J. Kilgore and three children of Newberry and Mrs. W. B. Nichols and children of Hodges were with Mr. and Mrs. S. H. Talbert of Sandover last week.—Letha Cor Abbeville Medium.

Miss Ella Mae Williamson left last Thursday for Newberry, where she will make her home in the future.—Donalds Cor Abbeville Medium.

Joe Norwood has been elected president of his class (Freshman) at Furman university.

Miss Grace Summer has gone to Chicago college, Columbia.

Mrs. S. G. LaFar and three children of Charleston are visiting her sister, Mrs. C. M. West.

Miss Nellie Adams and her guest, Miss Norine Murdoch of Charleston, accompanied by Mr. Paul Adams, attended the dance at Clinton Thursday night.

Mr. and Mrs. Frank C. Sligh and Master Francis Sligh went to Greenwood Sunday to be the guests of Mrs. Sligh's parents, Mr. and Mrs. Tabor Hill.

Mr. Kenneth Kreps of Pomaria spent the week-end in the city and attended the opening of Newberry college.

Miss Blanche Smith of Chappells is the guest of her sister, Mrs. R. D. Smith, Jr.

Mrs. W. K. Sligh and daughters, Misses Mallie and Sarah will leave Wednesday for Jacksonville, Fla., after spending the summer in Saluda, N. C., and Newberry.

Miss Estelle Caldwell of Ballentine spent the week-end in Newberry with her parents, Mr. and Mrs. J. A. Caldwell.

Mrs. W. M. Griffin left Monday for Jacksonville, Fla.

Mr. T. Newton Boland returned to the university of South Carolina Saturday after attending the opening of Newberry college.

Dr. Hulet Caldwell of Columbia is the guest of his parents, Mr. and Mrs. J. A. Caldwell.

Mr. H. E. Mayer of Johnston spent several days of last week in the city.

Mr. P. C. Jeans spent the week-end in Augusta, Ga.

Mr. Aumerle Schumpert of Columbia spent Sunday with his mother, Mrs. O. L. Schumpert, in Main street. Mr. W. S. Curry returned to Jenkinsville Saturday after spending several days with his daughter, Mrs. John Swittenberg.

FAREWELL MESSAGE.

Respectfully and sympathetically dedicated to the unfortunate candidates in the primaries of 1916, by one of them.

Well boys, we did the best we could. To get ourselves a place. Among the office holding kids. We sure did make a race. With might and main and auto-gas. We hustled through the land. And our best to land a job. On every speaking stand.

We spent the last confounded cent. That we could get or find. On smokes and hash and ice cold drinks. And then come out behind. That's bad enough 'tis true. But listen to my chin. The chaps that get the jobs, cftimes. Get sick of being in.

Few mishaps come throughout the land. On man or cow or horse. But what the county officers. Just have to "come across".

Why should a doctor shun his job. Or lawyers, clients drop. Or any one his self-esteem. Exchange for such thin slop.

Why should the brain, the heart or soul. That animates your life. Be clogged and stifled paralyzed. In such defiling strife. Friend Wyatt Aiken's friends, the say.

Were sore from rim to hub. They used some Cole Blease ointment. And they healed it with one rub. And Blease's friends got them some grease. Somewhat Aikin to lard. To keep from dying hard. So both sides called their doctors in. To have their ills explained. And soon they both "were out" again. With what sense they had gained.

Then both sides took a sickly grin. At us, when we passed by. And went to guessing 'bout how well. They fooled us on the sly. But hold your heads, aloft my boys. Eyes front and steady gaze. And help to keep the land we love. From such polluted ways.

Yours truly,
Francis W. Higgins,
Surveyor and Civil Engineer.

MANY IN NEWBERRY

TRY SIMPLE MIXTURE

Many Newberry people are surprised at the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-I-ka. This simple remedy acts on BOTH upper and lower bowel, removing such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-I-ka is astonishing. Gilder & Weeks Co., druggists.

Automobile Accident.

While Balaam Sims and Will McMorries were coming from Stomp Springs Friday morning in the latter's car they had an accident. Sims is an experienced driver, but McMorries is a new hand at the wheel and was practicing. He lost control and the Ford went into a ditch. The car fell over bottom up as neatly as if put there on purpose. Both occupants were hurt, although not seriously. It was a very narrow escape. McMorries was the more painfully injured, as he was pinned beneath the car and would probably have been killed but for the fact that he was thrown to the end of the ditch. Sims was hurled across the ditch. The windshield was broken and one end of the car torn off and some other slight damage done.

Shipping Carp by the Carload.

"We are prone to jeer at the German carp as the Ben Davis of all the fishes," says Farm and Fireside, the national farm paper published in Springfield, Ohio. "But the carp trade is so enormous that the big express companies now send them from the interior lakes and rivers to the great cities by the carload in tank cars filled with aerated water in which the fish make their first visit to the great city alive. The Jews of the factory districts are the greatest buyers of carp, and know how to make delicious dishes of them."

Memoriam.

On last Thursday just before the sun brightened the earth, the death angel came to the home of Mr. R. M. Powell and carried his wife "Pearl" to the heavenly home.

Mrs. Powell was a good neighbor, an affectionate wife and a loving mother. She leaves to mourn her, a husband, two daughters and one son, also one grandchild, one brother and three sisters, besides a host of friends. She had just passed her 43d year.

Through all pain at times she'd smile, A smile of Heavenly birth, And when the angels called her home, She smiled farewell to earth.

Heaven now retaineth our treasure, Earth the lonely casket keeps, And the sunbeams love to linger; Where our darling mother sleeps.

Dearest mother, thou hast left us, And our loss we deeply feel, But 'tis God that has bereft us, He can all our sorrows heal,

Yet again we hope to meet thee, When the day of life is fled, When in Heaven in joy to greet thee, Where no farewell tear is shed.

Call not back the dear departed, Anchored safe where storms are o'er, On the border land we left her, Soon to meet and part no more.

When we leave this world of changes, When we leave this world of care, We shall find our missing loved one In our Father's mansion fair.

Thy gentle voice now is hushed, Thy warm true heart is still, And in thy young and innocent brow Is resting death's cold chill,

Thy hands are clasped upon thy breast, We have kissed thy lovely brow, And in our aching hearts we know, We have no darling now.

Farewell, dear mother, sweet thy rest, Weary with years and worn with pain; Farewell, till in some happy place We shall behold thy face again.

'Tis ours to miss thee, all our years, And tender memories of thee keep, Thine in the Lord to rest, for so, He giveth his beloveth sleep.

Farewell dear; but not forever, There will be a glorious dawn; We shall meet to part—no never! On the resurrection morn.

Thou' thy darling form lies sleeping, In the old and silent tomb, Thou shalt have a glorious waking When the Blessed Lord doth come. By a friend,
A. C. W.

CARD OF THANKS.

Dear Editor: Will you give us space in your paper to thank the good people of Newberry for their many deeds of loving kindness shown to us through the long illness and death of our dear loving mother and wife. Especially do we wish to thank the Bachelor Maids through Miss Sarah Houseal for their substantial help from them. May God's richest blessings be for all who have helped to make her last day as happy as possible. R. M. Powell and family.

"Gets-It" Never Fails for Corns!

There's Nothing on Earth Like It For Corns and Calluses.

"Whenever you get corns and calluses, don't experiment—just use 'GETS-IT' and nothing else. Easiest and simplest thing I know to use—just a few drops on in a few seconds—'GETS-IT' does the rest." The old way is to bundle up your toes in harnesses and bandages, use salves that make toes raw, cotton rings that make your corns pop-eyed, knives and "diggers" that tear your heart out and leave the corn in. No wonder they make you limp and wince. Forget all these—use "GETS-IT," the simplest corn remedy in the world, easiest to use, never fails or sticks, painless. Your corn loosens, then you lift it off. You can wear smaller shoes.

"GETS-IT" is sold and recommended by druggists everywhere. 25c a bottle, or sent on receipt of price, by E. Lawrence & Co., Chicago, Ill.

Sold in Newberry and recommended as the world's best corn remedy by Gilder and Weeks, W. G. Mayes and P. E. Way.

AFTER SIX YEARS OF SUFFERING

Woman Made Well by Lydia E. Pinkham's Vegetable Compound.

Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. I could not drink cold water at all nor eat any kind of raw fruit, nor fresh meat nor chicken. From 178 pounds I went to 118 and would get so weak at times that I fell over. I began to take Lydia E. Pinkham's Vegetable Compound, and ten days later I could eat and it did not hurt my stomach. I have taken the medicine ever since and I feel like a new woman. I now weigh 127 pounds so you can see what it has done for me already. My husband says he knows your medicine has saved my life."—Mrs. J. S. Barlow, 1624 South 4th St., Columbus, Ohio.

Lydia E. Pinkham's Vegetable Compound contains just the virtues of roots and herbs needed to restore health and strength to the weakened organs of the body. That is why Mrs. Barlow, a chronic invalid, recovered so completely.

It pays for women suffering from any female ailments to insist upon having Lydia E. Pinkham's Vegetable Compound.

W. C. T. U. CONVENTION

The Newberry County W. C. T. U. held its annual convention in Newberry Sunday afternoon and night at the Lutheran church. There was a large attendance at all of the sessions.

The Union for the past two years has been under the efficient presidency of Mrs. I. P. Cannon. At her suggestion there will be two departments specialized during the next year, the Flower Mission and the Medical Temperance.

Mrs. E. E. Williamson was elected superintendent of the Flower Mission and Mrs. W. G. Houseal of the Medical Temperance.

Reports from the different Unions in the county were encouraging. Should any community desire the organization of a W. C. T. U., write or phone the county president and she will send you an organizer.

The officers elected are Mrs. I. P. Cannon, Pres., Mrs. J. M. Workman, Vice-Pres., Mrs. J. D. Quattlebaum, Sec'y and Treas., Mrs. Henry Parr, Corresponding Secretary.

Utopia gave an invitation for the next annual convention.

The afternoon program was given by the young people. Rev. Mr. Fulenwider conducted the devotional worship.

The president gave a short talk after which Miss Ruth Hunter of Prosperity gave a reading "A Father's Story." James C. Kinard of Newberry presented a strong argument against Alcohol, the Demon. Clyde Ward of Prosperity spoke on America's moral obligation. Miss Caroline Caldwell favored the convention with a vocal solo. Mrs. J. W. White presented the general work of the W. C. T. U.

At the evening session the Rev. Mr. Kerr conducted the devotional exercises. The choir rendered several special selections.

Dr. G. B. Cromer gave a very forceful address on Prohibition, a few excerpts of which are:

The Supreme Court says that liquor in its nature is dangerous to the peace, health, good order and welfare of society and is not to be placed in the same class as corn, barley, rye, etc.

Money spent for liquors in our country annually will build six Panama Canals or one hundred battleships at twenty million dollars each.

We spend three times as much for liquors annually than we do for education.

Money spent for liquor annually is five times our average cotton crop.

The two reasons why so much money is spent are: 1—There are men who love it. 2—There are men who get profit out of it.

Twenty-five per cent of the poverty, 37 per cent of the paupers, 50 to 75 per cent of the crime in the country is caused by alcohol.

Alcohol is the factor in the death of one out of every thirteen adults, one out of every seven and a half men.

There are ten times more deaths from alcohol than from small pox.

Henry Grady wrote young Clark Howell when he (Howell) reached manhood, "Never drink I love liquor and the fellowship involved; but I and being a teetotaler the pleasantest, easiest and safest plan."

NEWS OF UNION ACADEMY.

Prosperity, Sept. 20.—It seems like we are to have an early fall from the coolness of the present weather. An early frost would help to reduce the already greatly reduced cotton crop.

Present prices for cotton and seed will help balance up this shortage though and we suppose if these prices continue there will be as much profit in this short crop as if it was an extra large one. Look back two years and this gives us an idea. When one bale brings as much as two Why raise two. This should teach us an important lesson on raising our supplies at home first then cotton as near a surplus crop as possible. We may try this plan and fail but we are sure to fail if we don't try.

"Cradle roll" exercises will be held at Bachman Chapel on next Sunday afternoon beginning at 3 o'clock in place of Sunday school. An interesting programme has been arranged and at the conclusion of these exercises the regular sermon will be preached by Rev. Mr. J. B. Harmon who has been supply pastor of this church for some time and is very much liked by those who hear him. Rev. Mr. Harmon is an able minister and a fine singer which goes to help out the services so much. The public is cordially invited to attend.

Rev. Mr. S. P. Koon has accepted a call to this pastorate and will begin probably about the first of December. Rev. Mr. Koon is also an able minister and is welcomed to this new field of work.

Rev. L. P. Boland will fill his regular appointment at Colony next Sunday morning at eleven o'clock.

Rev. Mr. Boland and family have been on a visit to relatives in North Carolina having been granted a vacation by his churches.

Mr. M. M. Long is very poorly. His health has been bad for years but for two or three weeks has been worse than common.

Mrs. Jno. D. H. Kinard who has been critically ill for some time doesn't seem to improve.

Colds are general through this section now.

Miss Susie Maud Wilson of near Newberry spent last Saturday night and Sunday with Miss Thelma Wilson.

Mr. and Mrs. W. W. Kinard of near Prosperity spent last Sunday at the home of Mr. and Mrs. T. J. Wilson.

Mr. and Mrs. W. B. Franklin spent last Sunday at the home of Mr. and Mrs. E. S. Franklin near Batesburg, going over in his new Maxwell touring car which he recently purchased. Mr. and Mrs. Murry Watkins of near Batesburg returned home with them and spent Monday and Tuesday.

Miss Rutherford of near Blairs has

been elected to teach Union school next session.

Mr. Jas. T. McCullough returned home last Monday after spending about three weeks in Columbia for treatment. His condition is improved and with a continuance of the same treatment it is hoped he will soon be doing fine.

Trials of a Movie Director in Taking Rural Scenes.

"Mr. Carney (the movie director) was indeed busy and no mistakes," says Farm and Fireside. "The heroine's tyrannical father was acting more like a Bowery hoodlum than a man born and bred in the country; her mother had attempted to milk a cow on the cow's left side, with disastrous results; and the brother of this country maiden who wanted to run away had unluckily examined the interior of a beehive, mistaking it for a pigeon house. And it was Mr. Carney's business to keep all of these people properly adjusted."

What Pasteurization Is.

"Pasteurization," says Farm and Fireside, "as applied to milk is the process of heating it to various temperatures for certain lengths of time and then cooling quickly. Best results are obtained by heating to 145 degrees F. and holding for thirty minutes."
